

We are looking forward to attending this years' awards luncheon on the 8th November and congratulating all the students on their great achievements. The event is always well attended and an ideal opportunity to network with the Guild members.

We have been continuing with our product development and testing program to ensure we are at the forefront of our industry. Our ongoing work allows continual improvements to both our own product range and that of our customers. With our many years of experience in passive fire protection, we welcome the opportunity to work with clients in this field, so please do contact us on sales@mannmcgowan.co.uk if you feel we can assist.

We have been dedicated to developing our offering and continue to make improvements in-house to increase both productivity and space. These enhancements allow us to manufacture more and stock more products, most of which are now available for next day delivery.

Contact us on
sales@mannmcgowan.co.uk with all your requirements or to discuss further.
