

Welcome to our first newsletter of 2020!

Mann McGowan is an ever evolving company that strives to provide not only the best product but the highest levels of customer service too.

Read on to find out about our exciting developments.

### MANN McGOWAN

Intumescent Fire Smoke & Acoustic Seals

## Protecting people and property for over four decades

Providing a one-stop solution for all fire, smoke and acoustic seals, glazed screens and door systems.

**Pyrocloser**  
Intumescent gasket designed specifically for Concealed Overhead Closers and Floor Springs.

**Pyroglaze**  
Highly regarded range of self-adhesive encapsulated seals for timber and steel systems.

**Pyrohinge**  
High performance intumescent gasket for fitting behind hinge blades, available to fit all makes and sizes.

**Pyromas A**  
An intumescent sealant providing high levels of fire resistance in a wide range of building applications.

**Pyrogrille**  
Air transfer grilles providing up to 90 minutes fire protection while still allowing free flow of air.

**ACS1**  
Smoke and Acoustic Seal, provides outstanding protection against both cold smoke and noise.

**Pyrostrip**  
The original intumescent seal, tried and tested in 30/60/90 minute applications across the world.

**Pyrolock**  
Stops metal lock mechanisms compromising fire resistance in timber doors.

**Drop Seals**  
Robustly constructed threshold seals, providing acoustic, cold smoke and environmental protection.

## TESTING PROGRAMME

During the course of 2019 an extensive testing programme was completed covering all of the above products relating to fire doors and fire stopping.

We have worked closely with major door core, glass and hardware manufacturers to cover as many applications as possible, to ensure that we can offer you, our customers, greater flexibility when using our products.

We are proud to be maintaining with excellence our ISO 9001-2015 Quality Management Accreditation and extending scope of our Certifire certification across the range of fire, smoke, and acoustic seals, glazing systems, and fire rated air transfer grilles.

### PALUSOL® SW FIRE RESISTANT PANELLED DOORS

## BWF AWARDS 2019

We were honoured to be a finalist at the BWF Awards 2019 in the category Product Design in Wood for our Palusol SW Fire Resistant Panelled Doors. The awards, which celebrate innovation and success, were held in the beautiful setting of the Honourable Society of Lincoln's Inn, London on Friday 22nd November 2019.

It was an enjoyable evening but unfortunately on this occasion we missed out on the top prize, of course we should have won!

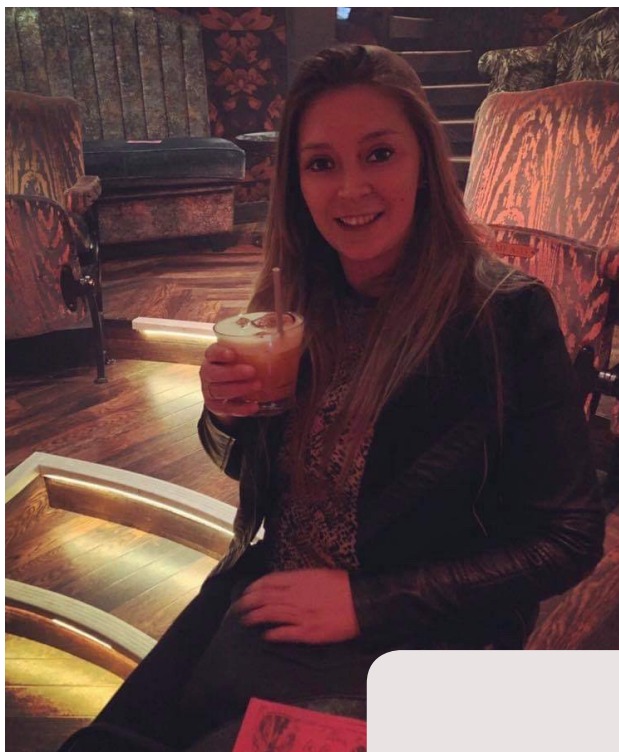

## PALUSOL SW FIRE RESISTANT PANELLED DOORS

A ready made laminated board material that is durable, easy to work and can be used to manufacture both flat and raised and fielded fire resistant doors. A fully tested, simple and customisable solution that is unique to Mann McGowan.
